

### 1. Put the words between parentheses in the correct form or tense:

One gloomy evening, a small group of friends decided to explore an old, abandoned house on the outskirts of their town. The dilapidated structure looked haunted, with its *(break)* ..... windows and twisted, rusted gates. As they *(cautious)* ..... entered, the air felt thick and suffocating, making them all feel uneasy. The interior *(fill)* ..... with decaying furniture and peeling wallpaper. The once-lived-in rooms *(seem)* ..... to be frozen in time, with eerie shadows playing tricks on their frightened minds. As they continued their exploration, a sudden, unexpected sound echoed through the desolate corridors, causing them to jump in *(frighten)* ..... The air inside the haunted house seemed to be filled with the *(ghost)* ..... whispers of the past, sending shivers down their spines. With hearts pounding, the friends hurriedly fled the creepy dwelling, the memory of their hair-raising adventure forever etched in their minds.

### 2. Fill in the gaps with words from the box: there are two extra words:

*freely / methods / education / birth / kindergarten / play / teach / revolutionary / first*

One hundred and fifty years after Maria Montessori's ....., tens of thousands of teachers around the world still hail her innovations and educational philosophy. One of Italy's ..... female doctors, Montessori applied her training as a scientist to teaching children in new ways. She upended conventional thinking about education by, among other things, letting kids ..... choose from an array of classroom activities to foster their independence. Many of Montessori's original ideas are commonplace today, especially in preschools and .....: child-sized tables, hands-on games and other opportunities to ..... at school.

Even the common practice of letting children sit on the floor was ..... when Montessori allowed it in 1906. Montessori's specific ..... are still used in the nearly 20,000 schools worldwide that bear her name, including about 5,000 in the United States.

### 3. Put the words between parentheses in the right form or tense:

Maria Montessori was a pioneering Italian educator and physician who developed an innovative approach to early childhood education. Born in 1870, Montessori's educational philosophy revolves around the *(believe)* ..... that children learn best when they are actively engaged in hands-on activities. Her method emphasizes the importance of fostering *(independent)* ....., self-discipline, and a love for learning in young learners. Montessori classrooms are carefully designed environments where children are encouraged *(explore)* ..... and discover at their own pace. The teacher, often referred to as a guide, observes and *(facilitate)* ..... rather than directs, allowing each child to follow their unique interests. Montessori's approach also values the development of practical life skills, *(society)* ..... skills, and a sense of responsibility. For decades, her impact on education *(be)* ..... profound, influencing schools worldwide. The Montessori Method *(characterise)* ..... by a child-centered approach that recognizes the individuality of each student. Maria Montessori's legacy extends beyond the classroom, shaping *(education)* ..... practices and advocating for a holistic view of child development that considers not only academic achievement but also the social and emotional well-being of each child.

### 4. Put the words in the right tense or form:

In the summer of 1943, I suddenly *(grow)* .....up. The beginning was like this: Dad wrote to me to come to America. I got a **brand – new** suit. I said to myself: “On the boat, I am going *(meet)*.....a beautiful girl, and I am going *(fall)*.....in love.” So, I *(get)*.....on the boat. On the first day, I *(sit)*.....on the deck and read an interesting book. On the second day, I *(find)*.....out who the other passengers on the boat were. On the third day, I *(be)*.....not interested in the book any longer. On the fourth day, I *(be)*.....up to my neck in the trouble I was looking for. It was a ten- day boat. I **would rather** *(to spend)*.....two years in hospital **than** go through that experience again. When I first *(meet)*.....her, I thought she was not older than me. In fact, she was twice my age, but you can be twice 16 without being old. She was small and **delicate**. Her skin *(look)* .....like porcelain. But she had big wide eyes and was not afraid to talk. We talked. She *(tell)*.....me

about her family, her job. She (tell).....me about a famous person and a prince who wanted to marry her. Three days later, I (make).....a declaration of my **undying** love. I said: "I cannot, I will not love anyone but you. If you go to the end of the earth, I will join you there." She talked to me in her turn, (gentle).....and (sweet)..... She said:" This can never be. We shall never meet again." But she (mean)....."You are a nice boy but please grow up before someone makes a fool of you." I went to my cabin and (cry).....over my diary for a while then , against all the laws of romance, I (fall) .....asleep.

### Language Focus : Preference:

#### 1. Read and focus on the structure of each sentence:
