

# LEARN AND GROW

**DORRA BEN AMOR**

**Review**

## Writing:

Write an e-mail to your friend. Tell him/her about your favourite sport, when you do them (time and day), what are your hobbies.

Hi Malia!

How are you? I hope you are fine. Well, I'm sending this e-mail to tell you about my favourite sport and hobbies. On Sundays, I enjoy playing volley ball with my friends at 10am. Also, I spend my free time by doing different activities. I like reading books. I usually go cycling. Moreover, I enjoy drawing after doing my homework. When the weather is quiet, I'm crazy about fishing.

Time to go now.

Best wishes

Lise

## Let's read

Last year, Alex and Mia went to the beach for their summer holiday. They enjoyed it a lot. They went swimming and played with other children. This year, their parents took them to a village in the mountains in another country. It was beautiful but the children weren't happy.

« we want to go swimming », they said. « This place is boring ».

Then they met Sam, who lived there and knew exciting places. Together they went to the cinema and played in open spaces. Next, they went swimming at the pool. On the last day, they wanted to stay longer. But they had to go home. « We can send messages, » Sam said. They were happy and went home.

## 1/ Tick the correct box.

A good title for the text can be:

A great holiday

Swimming with Sam

New friends

## 2/ Circle « true » or « false ».

Alex and Mia prefer a holiday at the beach.

The village was boring for the three children.

At end of the holiday, Alex and Sam were friends.

True	False
True	False
True	False

3/ Write two things that the three children did together.

.....

.....
